ABOUT ME

I'm a 19-year-old creative and passionate Full Stack Web Developer with a love for technology and innovation. I specialize in building responsive and dynamic web applications using both front-end and back-end technologies. Beyond development, I also enjoy brand creation through design, video editing, and digital storytelling. I'm deeply motivated by solving problems, teaching others to code, and creating impactful digital experiences that help people and businesses grow.

WORK EXPERIENCE

TORVIX AI — FRONTEND DEVELOPER (INTERN)

October 2025 – November 2025

- Weekly frontend web development projects using HTML, CSS, JavaScript and React.js.
- Weekly task to practice front end development.
- Project review and feedback .

CODE AMBASSADORS — INTERNSHIP

August 2025 – November 2025

- Gained hands-on experience in web development and coding practices.
- Assisted in teaching children how to code using scratch, MIT app inventor, etc, both in schools and in the office.
- Supported team projects while learning new coding concepts and improving problem-solving skills.
- Enjoyed a collaborative environment that strengthened technical and communication abilities.

TMB TECHNOLOGIES — CEO / MANAGER

2022 – 2024

- Founded a small brand offering web development, graphic design, and brand promotion services.
- Oversaw client projects from design to deployment.
- Paused operations to focus on school but continue to work on freelance projects.
